MANAGEMENT,
CONSTRUCTION
ENGINEERING AND
CONSTRUCTION
ADMINISTRATION
SCHOLARSHIP

THE MINNESOTA CONCRETE COUNCIL (MCC) is dedicated to advancing education, technical practice, scientific investigation, and research into cast-in-place concrete materials and construction practices by organizing the efforts of its members as a non-profit service organization. Individual memberships and member companies represent design, construction and support industries associated with reinforced and post-tensioned concrete construction throughout Minnesota. MCC members have national and international presence in the design, construction, forensic, materials, QA/QC and construction fields. The organization is committed to keeping its members on the leading edge of technology as it relates to their respective disciplines via continuing education programs, networking opportunities and research.

As MCC has grown as an organization, so has its commitment to encouraging students to pursue careers in concrete related fields and to enhance the level of professionalism and industry engagement of those students.

SCHOLARSHIP AWARD

A scholarship ranging in value from \$1,000 to \$4,000 will be awarded on an annual basis to construction management, construction engineering, estimating and construction administration students. (In addition to this scholarship, MCC also provides scholarship opportunities for students pursuing an engineering degree or a degree in Concrete Industry Management.)

MCC reserves the right to adjust the number and monetary value of its scholarships.

In addition to the cash scholarship prize, MCC will provide a complimentary one- year MCC student membership and complimentary registrations for all MCC continuing education opportunities for one year to the scholarship winner(s).

SCHOLARSHIP CRITERIA

1. Student's home address must be in Minnesota OR student must be currently enrolled in a post-secondary Minnesota school (College or University).
2. Student must be pursuing an education in technical/professional fields associated with the cast-in-place concrete industry (Construction Management, Construction Engineering and Construction Administration Degrees).
3. Student must have a strong interest in concrete materials and/or concrete frame construction.

The MCC Scholarship Committee will review applications from qualified students and rank the students based on their proven interest in advancing the design and construction of structures incorporating cast-in-place concrete.

SUBMISSION PROCESS AND TIMELINE

- Applications may be downloaded from the MCC website (www.mnconcretecouncil.com) or by e-mailing MCC (see below for e-mail address).
- Completed applications and essay must be received by December 1, 2023.
- Selected applicants will be interviewed in person or by web connection by January 18, 2024.
- The MCC scholarship(s) will be awarded at an MCC continuing education program in the winter/spring 2024.
- The scholarship recipients are expected to attend a minimum of one MCC continuing education program sometime in the next academic period.

EVALUATION

Applicants will be evaluated on:

- Involvement in concrete related activities
- Involvement in professional student organizations
- Involvement in extra-curricular activities
- Work experience – both concrete and non-concrete related (such as internships and research in concrete related fields)
- Written essay
- Transcript from College or University (Unofficial transcripts will be accepted.)
- Letters of recommendation

If you have any questions regarding the MCC Scholarship program, please contact Priscilla Conway at 651-482-9549 or by e-mail at pconway@mnconcretecouncil.com

MINNESOTA CONCRETE COUNCIL

Construction Management, Construction Engineering and Construction Administration Scholarship Application

Please TYPE the information into the form below.

General Information

Name: _____

Home Address: _____

City, State, Zip: _____

Phone: _____ Email Address: _____

Current College / University Information

School Name: _____

Your Address at School (If Different from Above): _____

City, State, Zip: _____

Entrance Date: _____ Expected Graduation Date: _____

Expected Degree(s): _____ Cumulative GPA: _____

Secondary (High School) Information

School Name: _____

City, State: _____

Completion Date: _____ Cumulative GPA: _____

Work Experience / Internships

Please provide information on work experience (concrete-related and other) you have had while you were enrolled in your current program:

Company, Location & Title	Dates Employed	Duties/Responsibilities

Professional Activities, Memberships & Extracurricular Activities

Please give a brief description of activities you have been in while enrolled in your current program:

Organization	Dates of Involvement	Duties/Responsibilities	Officer / Committee Positions

IMPORTANT - The following information is required:

Essay

On a separate sheet of paper, TYPE a short essay (approximately 300 words) on the following topic: What inspired you to pursue a career in Construction Management and what interests you about the concrete industry specifically? Prior year applicants are advised to submit an updated essay. Your interest in concrete as a building material and your understanding of our profession are important and should be reflected in the essay. Grammar matters. Creativity counts. (Please be original and avoid rephrasing Google search results about cast-in-place concrete.) YOUR ESSAY REPRESENTS A MAJOR SCORING FACTOR IN THE SELECTION PROCESS! YOUR INDIVIDUAL EFFORT WILL BE REWARDED, WHEREAS PLAGIARISM WILL NOT.

Transcript

Please include a copy of your most current, up-to-date college or university transcript to document your course work. (Unofficial transcripts will be accepted.)

Endorsement/Testimonials/References

Please include at least one, but no more than two, letters of recommendation from your academic professors and/or managers to whom you reported to during your work experiences or internships.

Certification Of Enrollment And Academic Good Standing

By signing this application, I hereby certify that I am currently enrolled and in good standing at a post-secondary school meeting the requirements of the award and that all information included in this application is true and accurate.

Applicant's Signature: _____

Date: _____

Permission To Release Information

By signing this application, I hereby authorize the Minnesota Concrete Council to confirm and/or release any information included on this application.

Applicant's Signature: _____
